

RUSHLIGHT SHOW - LONDON, 30 JANUARY 2020

The 11th Rushlight Show, kindly sponsored by Innovate UK, BEIS, Flanders Investment & Trade, Carbon Limiting Technologies, Granted Consultancy, Venner Shipley and London South Bank University, is taking place on Thursday 30 January 2020 at Church House Westminster, Deans Yard, Westminster, London, SW1P 3NZ. It is the leading event for cleantech companies and sustainable solutions to meet investors and financiers, corporate customers, government departments, advisers and intermediaries in the heart of London.

The event highlights are:

1. The **Innovation Showcase of the Cleantech Conference**, with 40 companies presenting their latest cleantech and sustainability innovations to an extensive audience of active cleantech investors.
2. The **Sustainable Solutions Market Panel**, where organisations can present their market-ready products and services directly to a panel and audience of leading sustainability and procurement representatives from corporate UK who are seeking to further their supply chain sustainability and resilience, including **Asia Pulp & Paper, Cummins, Diocese of London, Schneider Electric, Canon Europe, Boots, Great Ormond Street Hospital, International Airlines Group and Manchester University Hospital**.
3. The **Innovate UK Energy Catalyst, Innovate UK Faraday Battery Challenge and BEIS Energy Entrepreneurs' Fund Showcases in the Exhibition**, together with the poster exhibition, amounting to over 100 of the latest innovations in cleantech and sustainability. Guided **Investor Tours** will have timetabled sessions with exhibitors who have pre-booked a visit.
4. **UK Energy breakfast seminar: What Net Zero by 2050 means for UK Energy & Fuels**, involving the **Committee on Climate Change, ICON, Energy Systems Catapult and BEIS**. This is a must attend event for anyone with an interest in UK power generation, the energy market, transport systems and fuels.
5. The **Resourceful Conference**, in association with LCRN and the Circular Economy Club, which is the market place for the development of the circular economy, with a major opportunity for solutions providers and intermediaries to present to investors, local authorities, government and corporates eager to engage in this space.
6. A cooked breakfast, lunch and networking opportunities throughout the day.

The total audience for the whole event is expected to exceed 500 and will include cleantech senior management, investors, advisers, corporate customers, sustainability professionals, local authorities, community reuse businesses, trade associations, media and other consultants specialising in the various sectors.
